Post-Graduate Diploma in Public Health Management (2016-2017)

*Offered by the Ministry of Health and Family Welfare,
Government of India*

Introduction

The Public Health challenges being faced in India call for the development of capacity in the health systems. This necessitates deploying qualified professionals who can execute and monitor national health policies and programmes. There is a need to devise programmes which will impart the skills required to tackle the existing and emerging public health challenges and to enhance the capacity of the public health managerial workforce in managerial aspects. Keeping this in view, the Ministry of Health and Family Welfare (MoHFW), Government of India (GoI) started the process of developing a 'One year Post Graduate Diploma in Public Health Management' for the Public Health professionals. This course is offered by 11 Institutes including All India Institute of Hygiene and Public Health (AIIPH and PH)IIPH centers at Ahmedabad, Delhi, Hyderabad and Bhuvaneshwar, NIHF - New Delhi, JIPMER – Puducherry – Chandigarh, MGIMS, Wardha etc. institute all over the country.

Objective

To enhance the capacity of the Public Health managerial workforce through the conduct and delivery of specially designed Post-Graduate Diploma Course in Public Health Management.

Course Duration

Residential course, of one year duration.

Venue of the Course

National Institute of Health and Family Welfare
Munirka, New Delhi -1 10067, India

Eligibility Criteria

Applicants should have a graduate/postgraduate degree in medicine, AYUSH, dental, nursing, pharmacy, health sciences, physiotherapy, occupational therapy, natural/life sciences, management, social sciences, social work, economics, statistics or any equivalent qualification. Candidates with work experience in health/ development sector will be given the priority.

Candidates with work experience in health/development sector will be given preference.

Selection Process

The selection will be made strictly on, the basis of merit. Eligible candidates would be screened, based on their application and statement of purpose by a specially constituted screening committee. Short-listed candidates would then be interviewed and the final list will be announced.

The final selection of the candidate is based on qualifications, relevant experience, statement of purpose and interview. The weight age for each component will be as follows:

S. No.	Component	Weightage
1.	Qualifications	30%
2.	Relevant experience	30%
3.	Statement of purpose	10%
4.	Interview	30%
	Total	100%

Course Focus and Teaching Methods

This programme is interdisciplinary both in its content and teaching. It utilizes a variety of teaching/learning techniques, including seminars, Journal clubs, collaborative learning, group discussions, case studies, lecture discussions, assignments, hands-on training on computers, visits to organizations of public health interest, field work, practical and field projects, apart from class room teaching. Faculty with diverse backgrounds, national and international experience combined with a breadth and depth of public health experience and engaged to impart teaching learning experiences.

The program is a regular course lasting for nine months of class room teaching and three months of project work including field study. The total duration of the course is twelve months.

Project Work

A major strength of the programme is in providing participants with the opportunities to apply learning directly with the community setting. The applied research component serves to ground trainees in "real world" public health applications, and to provide service to the community. Each participant, working under close guidance of a faculty advisor, will develop a 'Project' as part of the course work. The experience has three primary components; a

protocol, a written project paper, and an oral presentation. Each student will be evaluated concurrently on the study protocol while the study is in progress and terminally on the submission of project report.

Course Fee

The fee structure for PGDPHM for self sponsored candidates in the year 2016-2017 is as follows:

Tuition Fees	Rs. 1.25 lakhs per student
Boarding and lodging (optional)	Rs. 1.25 lakhs (covers accommodation and food)

Adequate hostel accommodation would be provided to the participants only, within the Institute's campus. Relatives, friends and guests are not allowed.

About MoHFW, GoI

A healthy citizen contributes to the making of a healthy nation. The Government of India has introduced National Health Mission and various other health programs and policies to improve the Indian citizen's standard of living. These efforts have paid rich dividends by way of increase in the life expectancy of males and females at birth. Also, the infant mortality rate has fallen to less than 50 per thousand live births.

The issue of health comes under the purview of the Ministry of Health and Family Welfare and its 3 departments; the Department of Health, Department of Family Welfare and the Department of Ayurveda, Yoga, Naturopathy, Unani, Siddha and Homeopathy. As part of its drive to educate and encourage a healthy lifestyle, the ministry promotes a website called Healthy India.

About the NIHFW

The National Institute of Health and Family Welfare (NIHFW) Is a premier autonomous Institute, funded by the Ministry of Health and Family Welfare, Government of India. It has kept pace with the new thinking and substantially contributed to the health manpower development in the country. NIHFW serves as an apex 'technical institute' as well as a 'think tank' to promote national health and family welfare programs in the country through education and training, research and evaluation, consultancy and advisory services, specialized projects, etc. The thrust areas of the Institute include health and related policies, public health management and others.
